

User Stories

1. As a first-time user, I want the manual, so that I don't feel lost during installation.
2. As a manager, I want my team to report me, so that I know the status of the project.
3. As a foreigner, I want the map of the area, so that I won't get lost.

Functional Requirements

1. The system shall provide an access for emergency exit.
2. The system shall delete old files that aren't opened in the last 60 days.
3. The system shall display the difficulty level when different equipment is used.
